Fixed-rate 5.23% financing with a 36-month interest-only period insulates the hold from rate volatility and preserves cash flow through stabilization. P&I begins September 2028, stepping debt service up about 26% from the current interest-only payment for the final two years before the August 2030 maturity. Prepayment is locked under standard yield maintenance through January 2030, with a six-month open window into maturity. Non-recourse with industry-standard carve-outs.

Financial & Capital Commentary

2Q26 TAKEAWAY

Revenue of \$1,450,138 finished \$153,093 below budget, or 9.5%, driven largely by gain to lease coming in 97.3% under plan. Operating expenses of \$814,032 were \$18,728 favourable, a 2.2% benefit, but that was not enough to offset the top line shortfall, leaving NOI of \$636,106 down \$134,365 or 17.4%. After debt service of \$482,791, net cash flow was \$153,314 versus a budget of \$287,680.

01 · REVENUE - \$153,093 VS. BUDGET

Second quarter revenue of \$1,450,138 finished \$153,093, or 9.5%, below the budget of \$1,603,231. Gross potential rent outperformed at \$1,346,580 against \$1,130,031, a favourable variance of \$216,549 or 19.2%, but gain to lease came in at only \$9,961 versus \$367,215 budgeted, a shortfall of \$357,254. Concessions of \$53,131 exceeded the \$15,000 budget by \$38,131. Vacancy was the one offset, at \$100,437 against \$109,996 budgeted, favourable by \$9,559 or 8.7%.

OUTLOOK

New-lease pricing is stabilizing as concessions normalize into rent. Gain-to-lease should rebuild through the second half as occupancy holds in the low 90s.

02 · OPERATING EXPENSES + \$18,728 VS. BUDGET

Operating expenses totalled \$814,032 for the quarter against a budget of \$832,760, a favourable variance of \$18,728 or 2.2%. Insurance was the largest favourable line at \$58,764 below budget, or 43.4%, followed by management fees at \$6,786 favourable. Utilities was the largest unfavourable line, running \$25,435 over budget at 12.8%, with general and administrative expense \$9,524 over and repairs and maintenance \$5,874 over. Property taxes came in exactly on budget at \$177,303.

OUTLOOK

The 2026-27 insurance policy renewed at \$306.0K, down from \$507.0K, a \$200K annual saving now flowing through results. Water and wastewater remain over budget and are being monitored.

03 · NOI & CASH FLOW - \$134,365 VS. BUDGET

NOI of \$636,106 finished \$134,365, or 17.4%, below the budgeted \$770,471, driven by revenue of \$1,450,138 against a \$1,603,231 budget, a shortfall of \$153,093 or 9.5%, partly offset by operating expenses of \$814,032 that came in \$18,728 or 2.2% under budget. After debt service of \$482,791, net cash flow was \$153,314 versus a budget of \$287,680, unfavourable by \$134,366 or 46.7%. Capital spend of \$241,077 was \$37,819 under the \$278,896 quarterly budget, with year to date spend of \$569,524 tracking \$46,484 below budget.

OUTLOOK

Full-year NOI is tracking 12-17% below budget. A faster rebuild in gain-to-lease and expense relief beyond insurance, mainly property taxes, could narrow the gap.

Status Update & 3Q26 Goals

STATUS UPDATE

OCCUPANCY TRAJECTORY & RENEWAL RETENTION

Occupancy held in the low 90s as concessions stayed folded into rent.

Physical occupancy was 91.71% at March 31, easing to 90.53% at June 30 (306 of 338 occupied) as the winter lease-up peak normalized into summer; 14 future and applicant leases were in process at quarter-end. Renewals held positive (+0.7% blended) while new leases reset toward market (-17.6%). Renewal retention and turn cadence remain priority watch items.

LENDER-REQUIRED REPAIRS

Seven items completed; extension approved for one outstanding.

The lender's required repair program is substantially complete, with the borrower certification submitted in the first quarter. Seven of eight items are finished at a cost of about \$12.5K, spanning life-safety and code compliance, minor sitework and unit-level mechanical work. The remaining item, an accessibility threshold and ramp modification, has an approved completion date of 09/30/2026.

2Q26 collections recovered: \$10,526 · bad debt write-offs: \$66,075

3Q26 GOALS / INITIATIVES

OCCUPANCY, LEASING & REVENUE

Drive occupancy to 95% and rebuild gain-to-lease.

Rebuild occupancy from 90.5% toward 94-95% through the leasing season. Push new-lease trade-outs back toward flat and hold renewals at +1-3% to recapture loss-to-lease as concessions normalize into rent.

BAD DEBT & COLLECTIONS

Resolve the legacy delinquency book.

Complete the eviction process on remaining served units and close out the legacy AR balance. The collection agency recovered \$10,526 from written-off accounts in 2Q26; write-offs ran above budget this quarter.

EXPENSE DISCIPLINE

Hold opex favorability through the second half.

Preserve the \$58.8K insurance favorability and address the water and wastewater over-run (+\$27K vs. budget).
